From the Principal's Desk

Exhilaration in the air

Enter the campus and you will feel the electrification in the air!! The flurry of activities all around. Students conducting 'dry run' of their programmes, zealous teachers

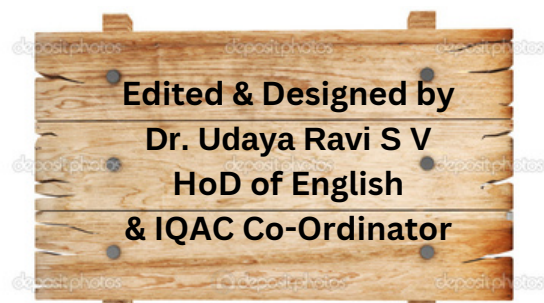

scurrying around with various tasks, classes going on in the regular mirth, and above all, the college building resplendent in a blush in all her bridal finery awaiting the great Day.

The entire gamut of emotions animating the entire system, with anxiety, coupled with jubilation, pride blended with fear hope and anticipation. Yes, we are gearing up for the 'Peer Team Visit', which is around the corner. This feverish preparation is consuming all our attention, time and energy, as we are determined to give our best, for an unprecedented 'accreditation'.

We shall get back to you with our next edition of newsletter which will be a special issue covering more events.

Good Luck to everybody.
